MSME Dept to get major restructuring; Focus on new industrial clusters, jobs & market access

Chennai, Sept 2: Moving the Demands for Grants for the Micro, Small and Medium Enterprises (MSME) Department for 2026-27 in the Tamil Nadu Assembly, Minister Pe. Mathan Raja announced a series of measures to strengthen MSMEs through new industrial clusters, infrastructure, easier finance, technology support, skill development and expanded market access.

A key thrust of the announcements is restructuring and expansion of industrial infrastructure, with the government proposing new industrial estates, technology centres and common facilities to help MSMEs improve productivity and competitiveness.

Mathan Raja

ated in several districts.

Five new industrial estates will also be established through SIDCO

The department will establish new industrial estates in several districts, including Tiruvannamalai, Kallakurichi, Kamur and others, with substantial investments in land and infrastructure.

A major employment-generation initiative will facilitate the establishment of 1,000 new manufacturing enterprises under the Entrepreneurship Development and Innovation Institute-linked programme. An allocation of Rs 9.19 crore has been made for the initiative.

The new enterprises will cover areas including manufacturing, food processing, garments and textiles, agro-based industries, farm-to-market activities and other sectors, according to the announcement.

The government will strengthen support for innovative start-ups through the Tamil Nadu Start Smart Seed Fund, under which Rs 25 crore will be provided as seed funding to eligible enterprises.

The objective is to help promising enterprises overcome the initial funding constraints faced by start-ups and move towards commercialisation.

The government will establish a specialised facility for advanced manufacturing and engineering innovation, aimed at helping MSMEs adopt new technologies and improve their competitiveness.

Through the FaMeTN initiative, skill and knowledge development

programmes will be expanded for 2,500 MSME entrepreneurs, with an allocation of Rs 1.98 crore.

The government will also provide 30-day training to 50 students in collaboration with technical institutions, with the aim of developing industry-ready skills.

A new Coordination Centre for Market Access and Business Development

manufactured by MSMEs. The facility is intended to provide enterprises with a permanent platform to display and market their products.

The announcements give considerable importance to taking MSME infrastructure beyond Chennai. New industrial estates and common facilities have been proposed in districts including Tiruvannamalai,

ilpatti will also be developed, with the project expected to create employment for around 1,600 people.

The government has also announced targeted interventions for sectors with employment and export potential. New facilities are proposed for food processing, medical manufacturing, textiles, engineering and other MSME sectors.

A new industrial estate in Sengam, Tiruvannamalai district, for example, will be developed over 75 acres at a cost of Rs 18 crore, with employment expected for around 3,500 people.

The department will conduct a State-level exhibition showcasing products that have received Geographical Indication (GI) and other intellectual-property recognition. The initiative is aimed at improving the visibility and market opportunities of Tamil Nadu's traditional and distinctive products.

The announcements indicate a move away from treating MSME support merely as financial assistance towards a broader ecosystem covering industrial land, common infrastructure, technology, entrepreneurship, start-up funding, skill development, intellectual property, exhibitions and market access.

The emphasis is also on creating district-level industrial infrastructure and linking MSMEs with employment generation, technology adoption and wider markets.

Coconut Industrial Estate soon in Pollachi

Tamil Nadu Start Smart Seed Fund Market access gets a major push

District-level industrial development

A new industrial estate dedicated to coconut-based enterprises will be established at Pollachi in Coimbatore district on 3.18 acres at a cost of Rs 11.50 crore through SIDCO.

The facility is expected to benefit micro, small and medium entrepreneurs engaged in coconut-based products and generate employment for around 150 people.

The project will utilise land belonging to TANSIDCO and is aimed at strengthening the coconut-based industrial ecosystem in the Pollachi region.

opment will be established to provide MSMEs with better access to domestic and international markets.

The initiative will bring together market-access support, buyer-seller connections and business-development assistance, with the government allocating Rs 50 crore for related market-development measures.

The government will also establish a 1.50-acre exhibition and sales centre in Chennai for products

Chengalpattu, Sivaganga, Coimbatore, Thanjavur, Tiruchirappalli, Salem, Tirumelveli, Thoothukudi, Kanyakumari and others.

For instance, a new industrial estate at Kangeyam in Tiruppur district will be developed over 75 acres at a cost of Rs 18 crore, while a new estate in Chengalpattu district will be established over 26.85 acres at a cost of Rs 20.60 crore.

A new industrial estate in Kov-

Rs. 18 cr Women's Industrial Park for Madurai

A new women's industrial park will be established at Thiruvathavur in Madurai district on 17.30 acres at an estimated cost of Rs 17.44 crore, as part of the State government's plan to create nine women's industrial parks in eight districts.

The initiative, to be implemented through SIDCO, is aimed at providing dedicated industrial infrastructure for women entrepreneurs and promoting greater participation of women in manufacturing and other MSME activities.

The State-wide programme will cover 108.28 acres at a total estimated cost of Rs 237.56 crore.

The government will establish 25 new industrial estates for micro and small enterprises at a cost of Rs 30 crore, while new common infrastructure facilities will be cre-

in Chennai and adjoining areas at an estimated cost of Rs 234.33 crore, with the projects expected to generate employment opportunities for around 10,900 people.
